

Selacid® Green Growth-MP

Product Data Sheet

General

Selacid Green Growth-MP is a synergistic blend of free and buffered short chain fatty acids combined with medium chain fatty acids. Free organic acids in Selacid Green Growth-MP reduce stomach pH thereby supporting a healthy digestion and the natural barrier against Gram-negative bacteria. Due to its composition and broad mode of action, Selacid Green Growth-MP supports the health status and improves the technical performance of the animals.
