

TOXO® -XL

Product Data Sheet

General

TOXO-XL is an effective binder which can be used in complete rations, feed specialties, or individual feed ingredients for pigs and poultry.

Main Ingredients

TOXO-XL contains smectite binding agents (1m558i) with optimal binding spectrum, inactive yeast cell wall fractions from a *Saccharomyces cerevisiae* strain rich in activated β -1,3/1,6-glucans (glucose biopolymers).

- 1m558i Bentonite
- Yeast product

Specification

- | | |
|--------------------|----------------|
| • Appearance | powder |
| • Colour | characteristic |
| • Specific gravity | 0.750 – 1.150 |
| • Ash | min. 70% |
| • Moisture | max. 15% |

Recommended dosage for use

TOXO-XL can be applied in cases of suspected or confirmed mycotoxin contamination in raw materials or feed and can be added to premixes, concentrates and final feed

All pigs and poultry species:

Add TOXO-XL at the rate of 1.0 to 2.5 kg per ton of complete feed.

Do not exceed inclusion of 20 kg per mton of complete feed.

Authorisation

Selko B.V. certifies herewith that the product complies with the EC admission standards, therefore the product can be sold freely in The Netherlands and exporting countries.

Selko B.V. is an approved feed-establishment, registration number: αNL 15256.

Safety

Applicable safety information can be found in the Safety Data Sheet.

Storage

Storage: Above -10°C.

Shelf life: 2 years after production date under advised storage conditions.

Packaging

Dry products are generally available in

- 25 kg multiple layer paper bags with PE inlayer on a pallet.
- 1000 kg big bags.
